building a world of difference™

Dear Mr. & Mrs. Horsley,
We wanted to thank you for the beautiful "rain forest" flowers you sent home with Monica + Caroline. This weekend will be a great time to catch our runoff areas around our house with all the rain that is expected. Thanks again for your generosity. Sincerely, *Seamus & Scott Storrison*

Thanks so much for the great plant and information on Rain Gardens! That was so nice of you to think of Emma's class! 😊

EM Thanks again!

Dear Mr. Horsley

Thank you for giving our class plants to start a rain garden. I picked a wild sweet William.

I already have a place to plant it. My mom says we will plant it when it stops raining

Thank you

Piper and family
